

Global Food Production Analysis(1961-2023)

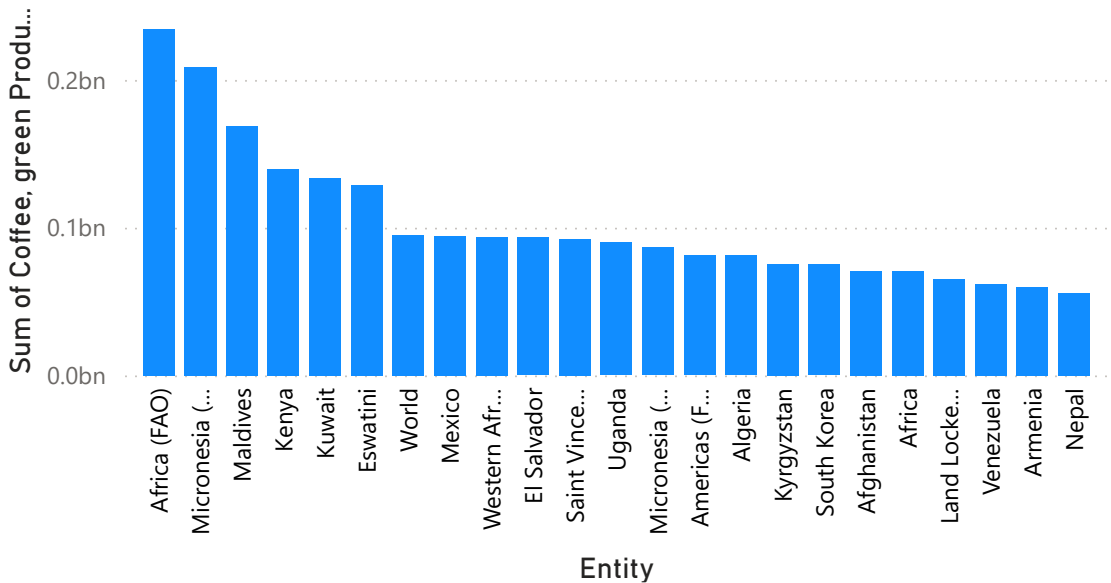

269bn
Sum of Rice Production (tonnes)

282bn
Sum of Wheat Production (tonnes)

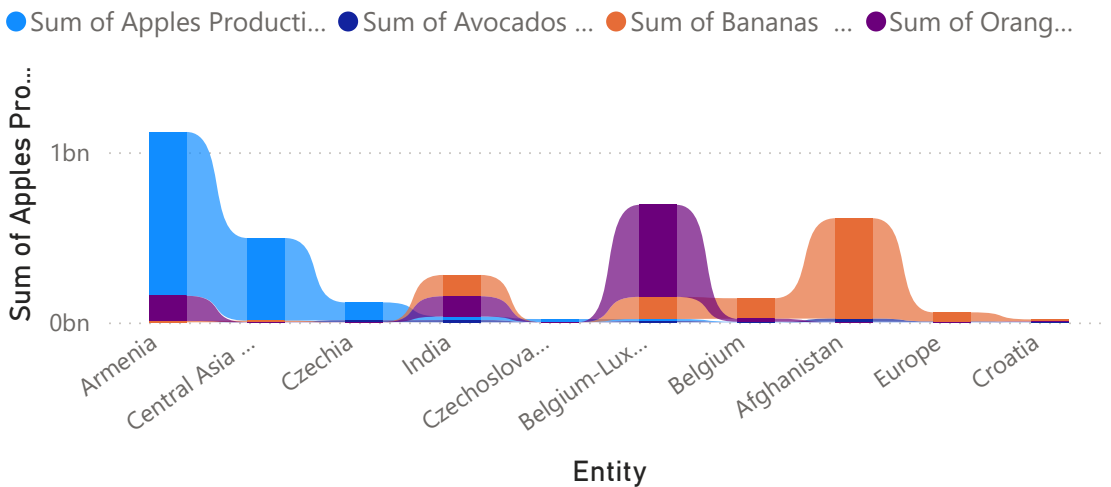

Sum of Tea Production (tonnes)

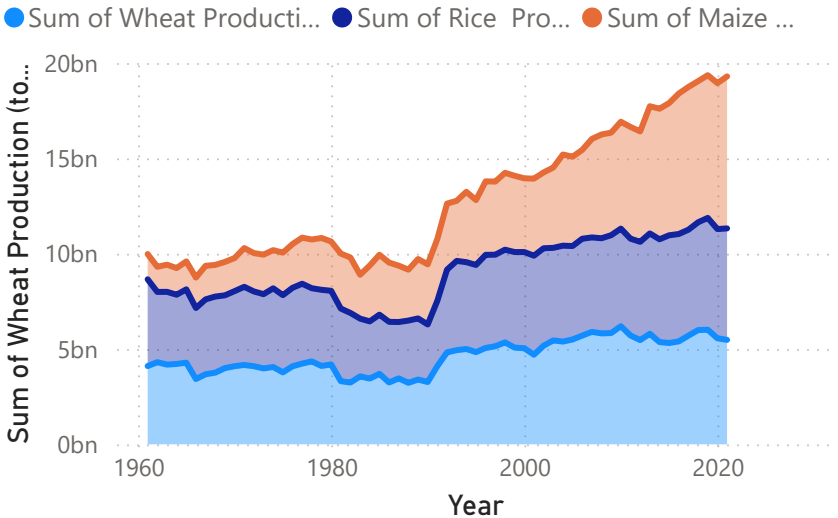

Sum of Coffee, green Production (tonnes) by Entity

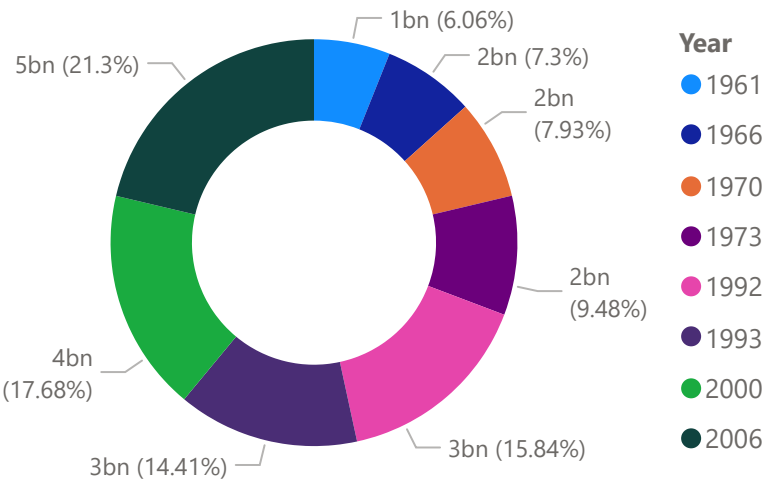

Sum of Apples Production (tonnes), Sum of Avocados Production (tonnes), Sum of Bananas Production (tonnes) and Sum of Oranges Production (tonnes) by Entity

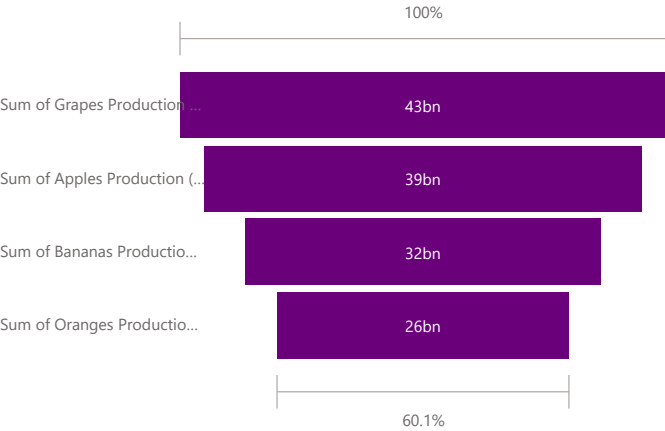

Sum of Wheat Production (tonnes), Sum of Rice Production (tonnes) and Sum of Maize Production (tonnes) by Year

Sum of Maize Production (tonnes) by Year

Sum of Grapes Production (tonnes), Sum of Apples Production (tonnes),
Sum of Bananas Production (tonnes) and Sum of Oranges Production
(tonnes)

REPORT

- . The total rice production globally from 1961 to 2023 is 269 billion tonnes.
- . The total wheat production globally from 1961 to 2023 is 282 billion tonnes.
- . The total tea production globally from 1961 t0 2023 is 2 billion tonnes.
- . Africa,America and Asia lead in the production of green coffee,with Africa being the top producer followed by America.
- . Wheat,Maize,and rice production have all shown a steady increase from 1961 to 2023,with wheat production showing themost significant rise over the years.
